Re: Chemical Recovery Systems Superfund Site in Elyria, Ohio

General Notice letters were initially sent to 129 potentially responsible parties (PRPS) on March 2, 2001 indicating that U.S. EPA considers them to be PRPs at the Chemical Recovery Systems Superfund Site in Elyria, Ohio (Site). Subsequently, U.S. EPA sent General Notice to 22 additional PRPs. On June 26, 2001 U.S. EPA sent Special Notice of negotiations, for an Administrative Order on Consent for Remedial Investigations and a Feasibility Study at the Site, to all entities identified as PRPs at that time.

U.S. EPA has determined that you also are a PRP at the Site. In addition to giving you General Notice of this, we are also enclosing, as a courtesy copy only, a copy of the mailing that was sent out on June 26, 2001. We are not serving you with Special Notice, but as a courtesy trying to give you as much information as the other PRPs identified earlier. Please call me if you have any questions at 312-886-0552.

Sincerely,

Thomas C. Nash
Associate Regional Counsel
